THINGS TO DO AROUND

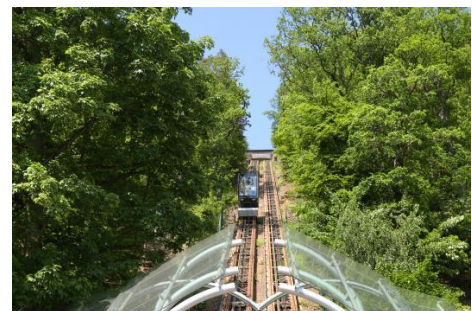

- **BRUSSELS**

Brussels, capital of the kingdom of Belgium is also the capital of Europe. A destination that's easy to reach, this cosmopolitan city that loves good food lives life its way and expresses itself in a style very much its own, Brussels is still inspired by a very "village-like" spirit. Of course, it's well known for its Grand-Place, its Atomium, its Manneken-Pis, its Gueuze and its Kriek, its waffles and its chocolates... (don't miss them!). Take a stroll to Rue Dansaert, Halles Saint-Géry and Place Sainte-Catherine. Head for Saint-Boniface, Châtelain or Flagey... You'll discover a Brussels that's in the spirit of the times, a capital that's relaxed and comfortable, as much in its history as in its present-day reality. Very fashionable. Very designer. Very creative. In other words, to put it in a nutshell, just relish Brussels, a fine and beautiful city to explore and discover...

- **SPA**

Situated in the green lungs of Wallonia, only a few miles from the borders with Germany and the Netherlands and often referred to as the Pearl of the Ardennes, Spa is an attractive Belgian town in a wooded valley surrounded by undulating hills and countless rivers and springs. This highly touristic city offers a lot of possibility to go out and around among these.

- **Casino of Spa**

This casino is the oldest in the world. Its building was started in 1763 by the prince-bishop of Liège.

- **Circuit of Spa-Francorchamps**

Since the early 1920s, the Circuit of Spa-Francorchamps has resounded with a thousand and one fabulous tales of those heroic times in which they drove on earth roads at the wheel of awesome machines.

Conceived by Liège aristocrats within a magic triangle between Francorchamps, Malmedy and Stavelot, its route through the magnificent scenery of the Ardennes has taken on a force of character that has stood the test of time. As motor sport has evolved, the circuit has always been kept up to FIA requirements in terms of safety over the most prestigious competitions such as Formula 1 and Endurance Sportscar Racing.

- **Les "Thermes de Spa"**

The new spa has been newly renovated with around 8600 square feet of hot swimming pools, with water temperatures of 90 degrees. Open for visits ranging from a few hours to a full day, this spa will take you straight to a state of blissful relaxation. The water comes directly from the "Clementine" spring, and is filled with natural minerals good for cleaning the skin.

Thanks to the bells of water, geysers, bubble seats, couches and other bubbling water cannons, you will be relaxed, unwinded and tone up.

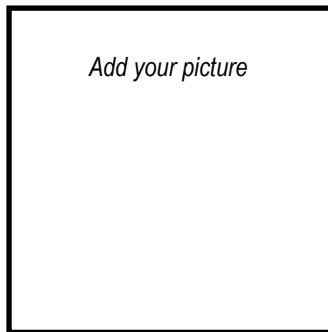

The Fitness and Relaxation area comprises panoramic saunas, hammams, Wood's lamp center, infrared heating lamp (relaxing, non-tanning effect). The spa clients have access to a reserved area offering thermal spring and beauty therapies.

The indoor and outdoor pools afford a combined bathing area of 800 m² at 33°C. The swimming pools supplied by natural mineral water from the Clementine spring are both indoors and outdoors (800 m²). They offer bubble as well as multiple hydro massaging water jets, water bell fountains, geysers, bubble seats, bubble beds or other water cannons.

In its 60 private booths, the Wellness and Beauty center offers treatments and therapies spanning balneotherapy, massages, beauty treatments and "body in mind" modules.
